- Was addicted to alcohol, drugs, food, gambling, nicotine
- Was controlling, dominating, manipulative, vengeful or depressed

# **PREPARING A FAMILY TREE**

A good way to trace any curses upon your life is to fill out a family tree. A family tree can show you where any problems originated and how they've passed down the family line. Begin on the left with yourself. Fill in your name and list any problems you have. Continue in this way up the family tree, as far as you can remember, listing any problems for each family member. Some problems are obvious, e.g. alcoholism, Freemasonry, while others are known only to God. Ask your cousins, parents, grandparents and relatives if they know of any information on ancestors that could help. Don't worry about what you don't know. God is very merciful. He can heal great traumas through Generational Healing Prayer without your knowing their exact cause. In some cases, it may be necessary for Generational Healing Prayer to be repeated several times for family bloodlines. Keep interceding on behalf of your loved ones.

To construct your family tree, go back four generations. List under each family member's name every issue that you would like to bring to the Lord for healing. If you were adopted, simply include any information you have that may pertain to them. Also do a tree for you and your adoptive family. Each spouse and adult child need to do a separate family tree for themselves. Once you have finished putting together your family tree, try to connect the dots and look for patterns of sin, trauma, occult, suffering, etc. that have come down the family blood lines. Ask the Holy Spirit to reveal his truth to you in what has oppressed your family through the years. It is essential to list under each member's name all problems in order to break the patterns of generational bondage. Below are some of the common areas of generational bondage or sin.

## **UNUSUAL AND VIOLENT DEATHS OR SEVERE TRAUMA**

Identify by name the members of your family tree who:

- Committed or attempted suicide
- Was murdered or died tragically
- Committed an abortion or helped someone else
- Had repeated miscarriages, endometriosis, hysterectomy, female problems
- Died in a mental institution or alone at home, in a nursing home or prison  
(list those who felt lonely, unloved and/or abandoned)
- Those who did not receive a Christian burial, committal services or were un-mourned
- Those whose death was grieved in an unhealthy way
- Accidental deaths or early deaths
- Suffered severe traumas such as accidents, falls, house fires, drownings, rapes, abuse
