Notes:

1. All supplies (including those **not** listed here) should be labeled with the student's first and last name along with their grade level.
2. If students want a mirror in their locker, it must be plastic. **No glass mirrors!**
3. **One assignment notebook will be furnished.** Additional assignment notebooks will be available in the office, for a fee.
4. Things to Consider
 - a. Color coding: A different color for each subject with both notebooks and folders for that subject in the same color.
 - b. Binders with a separate section/pocket for each class is another helpful option for some students.
